The Japs Get Warm About the Tariff—Tornado in Kansas—A \$100,000 Fire—A Sample of McKinley Prosperity and Other Telegraph News.

By Telegraph to THE TIMES.

Cleveland, O., June 19.—The McKisson men claimed to be able to control the Republican county convention, but their nominees for chairman, L. Taft, was overwhelmingly defeated by the Hanna nominee, Judge Wing. A resolution endorsing Hanna for senator was adopted. Then the convention began the election of seventy-six delegates to the state convention. The Democratic county convention did not support Judge Noble for governor, and delegates go unpledged.

The Japs Are Miffed.

By Telegraph to THE TIMES.

Washington, D. C., June 19.—The Japanese government has made formal protest through its minister against the pending tariff bill, couched in friendly language, but indicating retaliation if its suggestions are not regarded. It calls attention to the fact that heavy taxes are laid on articles of Japanese manufacture, which are not made at all in the United States, while Japan's taxes on American manufactures are very light.

NARROW ESCAPE.

Charles Ruhlman Thrown From His Wheel Against a Curbing—Dr. Rardin Dresses the Wound.

Chas. Ruhlman, son of Phillip Ruhlman residing on Kinney's Lane, met with an accident at noon that came near killing him.

He is employed at E. S. Jenkins & Co's place of business and was on his wheel making for home. Near the corner of Second and Washington streets he struck a wet place and was given a header. He was hurled with force against the curbing. His head struck the stone and laid it open on the left side to the skull. He bled profusely and was taken to the Singer Sewing Machine office where Dr. Rardin was summoned and dressed the ugly wound. Had he struck his temple against the curbing or collided in any other way from what he did his skull would have been fractured and perhaps he would have been killed.

EIGHT COWS

Creates a Terrible Hub-Hub—Samuel Bower, the Poundmaster, Figures Conspicuously.

Samuel Bower distinguished himself today by putting eight cows in the pound. The cows belong to different parties and the owners are up in arms. Young Frank Tilton is driver, or herder of this special lot and he claims that Poundmaster Bower took them from him as a highwayman or cattle thief would. Bower claims the cows were scattered and having a high time. He appears proud of his work in the premises and has polished his badge of office. The reports that Sheriff Riekey was out after Bower and that City Solicitor Miller had ordered him to let the cows loose, have no foundation in fact.

MEAN HUBBY

Comes Home Drunk and Runs His Wife Out of Doors.

A Slick Individual Nabbed by Marshal Schmitt for Stealing From His Better Half—George Moore, a Colored Man Put in for Taking a Pocketbook Not His Own.

Yesterday afternoon Marshal Schmitt received a telegram from Marshal Gregg, of Peebles, instructing him to arrest one W. O. Ryan. The latter came to this city at noon yesterday on the C. P. & V. He was described as being medium-sized, smooth features, black hair, wearing stiff black hat, gray coat and light pants. He had shipped goods to himself here via the Adams express.

Marshal Schmitt started out to look for the fellow and found him on the wharf boat, awaiting the arrival of a boat. He was looked up awaiting the arrival of the Peebles marshal. He had with him five boxes of medicine, one trunk, one telescope, a bicycle, a lady's gold watch and \$53 in cash.

Marshal Gregg arrived in the city on the C. P. & V. last night and took the prisoner back with him this morning. It seems that Ryan had deserted his wife at Peebles and stole the money he had with him and the gold watch from her. He is a general confidence worker and is also wanted by the United States authorities for selling liquor without a license. Some time ago he started a drug store in a local option town in the northern part of the state and did a flourishing business in whisky. As he had no license the government authorities are after him. An official was also here yesterday looking for him.

George Moore, a colored man, and a stranger in Portsmouth, was before the mayor this morning to answer to a charge by J. H. Scott. The latter accused him of stealing his wife's pocketbook. Mrs. Scott had collected the money for a social and left it lying on the secretary yesterday morning. Moore called at Scott's and asked for a drink. While Scott was out of the room getting him a glass of water the pocketbook disappeared, and the supposition is that Moore got it. He was arraigned this morning and pleaded not guilty. He will have a hearing Tuesday morning at 9 o'clock.

George Hummell, the paper-hanger, living on Ninth street, was on the war-path last night. George was out with the boys in the early part of the evening and came home about 11 o'clock in a hilarious mood. He concluded that he wanted the house all to himself and proceeded to make the rest of the family get out. As some of them did not get out of the door fast enough he proceeded to assist them through the windows to expedite matters. The screams of the family awakened the neighbors and they quieted the belligerent paper-hanger.

Hummell was arrested by Officer McFarland and is now confined in the city prison.

B. F. Jenkins was fined in police court this morning \$1 and costs for resisting an officer.

J. N. Jenkins was taxed by Mayor Glidden \$5 and costs for drunkenness.

It is reported that Jenkins, the desperado who raised shiel on Portsmouth's streets yesterday, is on a binder today. His brother was looking for him at noon, fearing he would shoot somebody.

Val's fake canvass of the East End is ridiculous. There are no colored citizens in the East End. Valjean is crazy. He, like "Sneak" Bannion, is not regarded by persons well acquainted with him as being mentally responsible.

We give Mr. Hard a few nuts to crack from the commissioners' reports. These statements are true, as we will prove, or Mr. Hard will admit, before the discussion is concluded. We believe he intends to discuss this matter fairly, and we can assure him that we will do the same. In his statement yesterday he refutes nothing we said, farther than he endeavors to state a part of the taxes collected by the gang goes to the state. That is true. No one denies that. Has not this always been the case? Then, again, a large part of this same amount comes back. We want one or two more articles before we start after you. Give us a little more complete statements. We are preserving them.

The Tribune canvassed 82 houses in the East End and found 10 copies of the Times, 6 of them colored, 4 whites; 9 copies of the Blade, 4 colored and 5 whites, and 43 copies of the Tribune, 8 colored and 35 whites. Of the thirty-five whites, thirty are skilled laborers, and all of them, white and colored, breadwinners in the usual acceptation of the word. When Run Around Pat attempts, by lying, to array the working classes against the Tribune, he will find he has taken a contract he cannot deliver. The breadwinners are our friends—they always have been—to them we owe very much for the success of the Tribune.—Tribune.

There is not a single colored man in the East End—not a single one. Now, Val, "come off," you are doing, or attempting to do, the "lying," but "lies" are so gaudy that no one is deceived. Admit the facts. The Times really leads the Tribune by several hundred in circulation.

The Times wants to know why the tax duplicate is not larger than it was in 1890. It is because we have had four years of Grover, Democracy and free trade since then. Ask us something easier.—Blade.

The editor of the Blade gets funny. Now, let us look a little into statistics. On page 190 of the state auditor's report for 1888, the grand duplicate for Scioto county was \$10,571,078. Harrison was elected in 1888. Now let us look at the change in the duplicate in four years of Harrison's administration. Referring to page 211 of the state auditor's report for 1892, we find the grand duplicate for Scioto county to be \$10,195,008. Now, let us take Cleveland's term under a gold standard policy, and yet we find that the duplicate increased to \$10,318,030 in 1895. (State auditor's report for 1895, page 194.) The increase in 1896 will make it about \$10,425,000. Now, you may think it necessary to explain. Cleveland's administration had nothing more to do with the enormous decline in values than any other administration wedded to the gold standard. McKinley, outside of his high protection force to bleed the consumer for the benefit of trusts, offers no relief not offered by Cleveland. He is following in Cleveland's foot-steps and will go down to defeat, the tool of the Wall street money oligarchy.

It is evident the organ of the "gang" is getting frightened. He devotes a column and one-half to the charges, as he calls them, of the Times and refutes nothing. What refutation in such waverings as the following. We did produce the facts. He says: "The people are not going to be misled by the Times' howl of \$400,000. There is nothing in it. Let the Times produce the facts and figures to show that the Republican 'gang' in Scioto county bleeds the people of \$400,000 every year. Mere assertion will not do. Let the details be given." "The editor of the Times asserts that the Republican 'gang' in Scioto county collects and spends annually \$400,000 of the people's money. We deny the charge absolutely. Now let the editor of the Times set out his figures in detail. Let him put up or shut up. Any parrot can say \$400,000 day in and day out, and it means

nothing. Let the editor of the Times come to the front with something tangible. Let him produce bonafide figures. He has made an assertion for weeks past. Now let him produce his proof. He cannot do it, and he knows he cannot do it."

December 30th, 1896, we gave the facts. They were then ignored, having given the basis for our statement that the "gang" collected off the people fully \$400,000. We have since used this statement. We republished our figures June 2d, and we republish them today. These aggregates are taken from the commissioners' reports for the years given. They are absolutely correct. Any man reading the article will admit that our conclusions are true, if the aggregates quoted are correct. We would suggest that Editor Hard start at the bottom. Since he says, "Let the Times produce its facts and figures," we publish them for the third time. Here they are:

Our Republican friends have been ceaseless in their howling about depreciating values, falling wages and hard times for the past four years. Wages have fallen, prices have fallen, property values have sunk "out of sight" during the past few years, yet, where is the Republican official in Scioto county that has reduced his salary or the expenses of running the department of the government in his charge? Name him as a curiosity. Cleveland was elected in 1892, and at that time, according to these patriotic citizens, hard times began or the "breadwinners." It was then under a gold standard, prices began to depreciate, wages to fall and individual expenses (including taxes) to be harder to meet, and, as the years went by, the burden became more irksome. The "breadwinners" began to economize to save their homes. Their individual expenses were reduced to the lowest limit, but the tax collector's exactions grew greater. What was the cause of this increase? To be consistent with their claims as to the other things, taxes should have grown less; the little homes should have escaped with a less burden each returning year; the "breadwinners" should have had friends at the county's helm to protect their little all. Let us look at the history of the last four years, as recorded in the commissioners' report. The Times has at no time joined the plunderers, but because it has fearlessly held the transactions of city and county up to the public gaze it has been disciplined. It has been a vain attempt on the part of the officials who have attempted to force us into silence by withholding the crumbs so effective when distributed to the Republican press of the city. The Times don't need the public patronage. Hide your legal advertising away in the papers without circulation; hold up the unfortunates to pay your political debts to the papers whose blackmailing propensities make you their victims. The people are thinking, and they always think before they act. Let us give you a few facts from the records. Here they are:

Expenditures for year ending Aug. 31, 1892.....	\$276,744 48
Expenditures for year ending Aug. 31, 1893.....	381,878 49
Expenditures for year ending Aug. 31, 1894.....	330,808 51
Expenditures for year ending Aug. 31, 1895.....	327,953 92
Expenditures for year ending Aug. 31, 1896.....	328,298 14

As compared with the expenditures of the year ending Aug. 31, 1892, the year of great prosperity, according to our friend.

The excess is for 1893.....	\$ 95,134 01
The excess is for 1894.....	45,000 00
The excess is for 1895.....	41,203 44
The excess is for 1896.....	41,553 66

The total is.....\$222,961 14

Being an excess for each of four years of "unexampled depression" of \$55,616.38 over the expenditures of the year ending August 31, 1892. When we add to this the expenditures of the water works board, the fees of county, city and township officials, it will run up the expenditures of the government of Scioto county to over \$400,000. It is an alarming picture. It should cause every good citizen to stop and think—four per cent. of the assessed value of the county being paid out for government purposes. Add to this the burden of the national government, and it becomes readily apparent why hard times are upon us. With a gold dollar growing larger, and the number of them gathered in for taxes increasing, surely our homes are in danger.—Times, Dec. 30th.

Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing more than an inflamed condition of the mucous surfaces. A HELPING HAND.

The greatest help is health. A poor man with health is a thousand times better off than a sick man with a million dollars. Nearly everybody could be healthy if they only knew it. Suffering can usually be traced to either ignorance or doubt. Some sufferers are ignorant of the proper remedy. Others have tried so many medicines that they doubt the efficacy of them all.

Dr David Kennedy's Favorite Remedy

Is a helping hand that is held out to the sick. It does more than help—it cures. It cures liver complaints, constipation, scrofula, rheumatism, erysipelas, and all kidney, bladder and urinary diseases.

Mr. E. C. Caswell, of Brockport, N. Y., was terribly afflicted with scrofula. He had no hope of cure. But Dr. David Kennedy's Favorite Remedy gave him great benefit, and he recommends it to other scrofulous sufferers.

Don't give up because other remedies fail. Remember this is the grandest remedy anybody ever made.

Bodemer, the Kenton Left Fielder Arrives and Signs a Portsmouth Contract—Renner Refuses to Come—Bayer Telegraphed for—McShane Has An Offer From Cambridge—Other Newsw Notes.

Charley Brooker is home for a few days' visit.

"Cooney" Best's arm is all right now and he is pitching good ball.

The Parkersburg team is second in the race in the Ohio-West Virginia league.

Keep up the good work. We can have the best team in the state if we work together.

The fans have taken on the attitude of the small boys before the circus and are on the tip-toe of expectation.

Manager Shinnors is still in Obilliothe. The indications are that he will get the Obilliothe club. He is to take them on a trip soon.

The defeat at Ironton and the cancelling of the games with the crack Alerts of Cincinnati are causing them to wonder what will come next.

Bodemer, who played left field for the Kentons, has arrived. He came in yesterday. He is in high glee and says he will put up a stiff article of ball here.

McShane has received an offer of \$50 per month and expenses from the Cambridge nine of the Ohio and West Virginia league. He says he will not accept. He prefers to play in this city.

No games will be played now until the club is lined up as they want it. The management is convinced that it bodes no good to roam over the country with a picked aggregation to represent Portsmouth and play games without signal or previous preparation.

The outlook for ball in this city is flattering indeed. The attendance at the games promises to be large. Everybody is for ball. Knocking and kicking has ceased, except by a few heathens who know not the gospel and creed of the true religion.

The wires are warm with messages. Bayer, known to the rooters as "Side-track," has been telegraphed at Louisville to come on and play short. He will accept and probably be here tomorrow. Renner, who was to play short, refuses to come at the salary offered.

"Cap" Tanner is busy from morn till night, and even after the shades have fallen he has plenty to do. He is in constant touch with the officers of the Portsmouth Base Ball association, viz: President Hutchins, Secretary Hall and Treasurer Krieger, and a bustle is on to get the players wanted and have the team lined up for the real opening.

Ed. Shepherd and "Tuffy" Heid had a row at the corner of Sixth and Court streets this morning about six o'clock. Heid has been working for Shepherd and they were on their way to work in Shepherd's wagon, when they got into a row. Shepherd pushed Heid out of the wagon and proceeded to do him up with his whip. Shepherd then went on his way rejoicing. No arrests. A big crowd witnessed the row.

A Kick on Two Boarders.

Neighbors in the vicinity of a certain boarding house on Ninth street are much exercised over the custom of a couple of boarders to pull up the blinds of their room at night before disrobing. BURIED AGAIN.

Detective Will Lloyd Exposing the Fake of Hypnotists.

Was Entombed Thursday Night—To Remain Speechless and Motionless and Neither Eat Nor Drink Until Tonight at Eight O'clock—Rain Soaks His Grave But He Cares Not.

Will Lloyd, the young shoe drummer of this city, who went to Cincinnati and who has become a trained and skilled detective through his connection with the Phoenix Detective agency, is proving himself a very shrewd and cunning apostle in the world where solely moves the sleuth hound and the criminal.

That he is nervy, without fear, was demonstrated a few days ago when he proposed to expose Prof. Boone's exhibition of hypnotizing subjects, burying them while in the hypnotic state and then resurrecting them a few days afterward. Lloyd didn't do a thing but have himself buried, remaining in the grave the required time and coming to the top of terra firma in more graceful shape than Boone's subjects. The Times gave a full account of Lloyd's expose and his splendid reputation as a detective at the time.

The Cincinnati Post this morning contains an account of his second burial. It reads: "A faint smile broke on the lips of William Lloyd when he recognized the voice of The Post reporter, who wished him a good morning down the narrow shaft to his grave in Hillsdale Park, Friday morning."

"At about 8 o'clock Thursday night, in fulfillment of the obligations of his contract, Lloyd allowed himself to be again entombed alive in the same grave from which he had been taken twenty-four hours before. This time he is to remain speechless and almost motionless, with his eyes shut, until his resurrection at 8 o'clock Saturday night."

"Before he went into the grave he drank a glass of ice water. He promises not to eat or drink until Saturday night."

"The grave was filled with ten inches of water, which had to be bailed out before the burial. The place was still damp Friday. The only sound which came from the grave was an occasional cough, caused by the dampness of the narrow coffin."

"The rainstorm of early Friday morning caused the ground to cave and water to flood the narrow place, but Lloyd stayed."

BY THE ROAD

A Young Man Is Found Cut Almost to Pieces.

This Startling Information Brought to the City by Marketman Mack Alexander—The Victim Said to Be Isaac Bowers—Received His Wounds at a Country Dance at Harrison Furnace.

Mack Alexander, the well known marketman, who has a meat stand at the market here, brought the news of a cutting to the city this morning which may result in the death of the victim.

As Mr. Alexander was driving on the Harrisonville pike, about two o'clock a. m., he noticed lights ahead in the road about one mile and a half north of Orone post-office, near the Humphries home.

Arriving at the place, he learned that one of the Bowers boys had been cut at a country dance. Dr. McCann, of Harrisonville, it seems, had been summoned and was attending to the wounded man, who seemed exceedingly weak from loss of blood. His clothing was soaked with the crimson fluid and the ground where he laid saturated. Dr. McCann said he was badly out.

Alexander came on to the city and told of the affair at market. Mrs. Bowers, wife of William Bowers, of Long Run, and her daughter listened to the story with sad feelings. It was a shock to them, almost a message of death. An hour before Mr. Alexander they passed over the same road and noticed a person lying at the side of the pike. Miss Bowers thought she recognized the party and told her mother it was her brother, Isaac. Mrs. Bowers thought differently, drove on and did not stop.

A Times reporter saw Miss Bowers in market this morning. She said her brothers, Will and Isaac, had left home about seven o'clock last evening and gone to a dance at Bateman's, at Harrison Furnace. She is positive it was Isaac who was out and who was by the roadside when they passed. They got permission from Market Master Swander to retire from the market this morning and left about nine o'clock for home.

FOUR BOXES DID IT.

Remarkable Success of a New Pile Cure.

People who have suffered for years or months from the pain and inconvenience of that common disorder, piles, will look with skepticism upon the claims of the makers of the new discovery for cure of all forms of piles, known under the name of Pyramid Pile Cure; nevertheless the extraordinary cures performed by this remedy are such as to warrant the investigation of any sufferer. As a case in point, the following letter speaks for itself:

Mr. Henry Thomas, of sub-station No. 3, Hosack Ave., Columbus, Ohio, writes as follows:

Pyramid Drug Co:
Gentlemen—I want you to use my name if it will be of any use to you. I was so bad with the piles that I lost work on that account. Nothing did me any good. I read in Cincinnati of the many cures of piles by the Pyramid Pile Cure and I went to a drug store and asked for it. The drug clerk told me he had something else that he thought was better, but I told him I wanted to try the Pyramid first.

The first box helped me so much that I tried another, and then too complete the cure used two more boxes making four in all. I am now completely cured. Have not a trace of piles and I had suffered for four years with the worst form of protruding piles.

I suffered death from piles, but I have found the Pyramid Pile Cure to be just as represented. I have recommended it to several of my friends, and I am thankful to be able to write you what good the remedy has done for me."

Physicians recommend the Pyramid Pile Cure because it contains no opium, cocaine or mineral poison of any kind and because it is so safe and pleasant to use, being painless and applied at night. The patient is cured in a surprisingly short time with no inconvenience whatever.

The Pyramid Pile Cure is sold by druggists at 50 cents per package, and if there is any constipation it is well to use the Pyramid Pills at the same time with the Pile Cure, as constipation is very often the cause of piles and the pills effectually remove the costive condition. Price of pills is 25 cents per package.

Write to Pyramid Drug Co., Albion, Mich., for little book on cause and cure of piles; sent by mail free.

THE WINNERS

Named By the Democrats in
County Convention Assembled.

A Gathering Without a Peer for Harmony
and Enthusiastic Action.

Largest Convention Ever Held—The Spec-
tators and the Visitors—The Ticket
Named—The Resolutions Speech
and the Cheers That Prevalled—
Even Republicans Join in
the Glad Acclaim.

THE TICKET.

For Representative,
WM. A. CONNOLLEY.

For Commissioner,
WM. A. BARBEE.

For Treasurer,
JOHN B. VIOLET.

For Recorder,
FRANK MOONEY.

For Infirmary Director,
G. W. GILLILAND.

The Democrats of the city and
county assembled this morning at Ken-
dall's hall to hold their county conven-
tion.

It was a splendid gathering. All
parts of the city and the rural districts
were represented, and Greenup county,
in Kentucky, sent a few of the faithful
to look upon the assembling of the
hosts and the naming of the fall win-
ners.

Harmony prevailed and enthusiasm
was at highest pitch. It was the com-
ing together in one solid phalanx of all
the Democrats. "United We Stand,
Divided We Fall" was the rock on
which they built, and the structure
reared met with hearty approval.

The applause at times was deafen-
ing. It was shared in by one and all.
Each and every person, including a
large number of Republicans, who
have announced their intention to vote
for the right, kept their hands clapping
and feet pattering when nominations
were made and candidates or others
talked.

It was the largest Democratic conven-
tion held here in six years. Every
township was represented, save Bloom.

MORNING SESSION.

The convention was called to order a
few minutes after ten o'clock by Chair-
man O. M. Coburn, of the county cen-
tral committee. After the delegations
had been seated by the chairman and
Frank Varner, Mr. Coburn announced
as the temporary officers of the conven-
tion W. H. E. Cadot, chairman, and
L. M. Sikes and H. E. Taylor, secre-
taries.

Mr. Cadot at once took charge of the
convention, making a neat speech in so
doing. He said among other things
that he regarded it as the highest
privilege and most distinguished honor
of a Democrat to be called upon to pre-
side over a Democratic convention.
He was proud of the fact that he be-
longed to a party created by Jefferson
and schooled by such eminent states-
men as Madison and Monroe. Through
the latter the party gave us a foreign
policy that is respected throughout the
world. He was proud of belonging to
the party of Jackson and Walker, the
latter who gave us the most perfect
tariff bill in the history of the country.
Mr. Cadot also said that he was glad
he did not belong to a party which en-
acted the iniquitous McKinley bill and
proposed to enact the Dingley bill and
whose chief executive had Mark Han-
na's string to him.

H. F. Thompson moved that a com-
mittee of three, to act on credentials,
be appointed. This carried, and H. F.
Thompson, Phelps Leete and Pres. Van-
devort were named.

A committee of three on permanent
organization and rules and order of
business were appointed by the chair.
They were Dr. J. B. Ray, John B.
Maddock and J. B. Gilson.

A committee consisting of Hon. Jas.
W. Newman, O. M. Coburn and J. S.
Thomas were appointed to prepare suit-
able resolutions.

It was moved by Frank Varner that
delegates from each township and pre-
dict select a representative for a com-
mittee to select delegates to the state
convention. This carried and the fol-
lowing were named:

Bloom—
Brush Creek—A. F. Reynolds.
Clay—L. D. Wilson.
Green—Chas. Schneider.
Harrison—J. P. Addis.
Jefferson—Jared Spriggs.
Madison—Wm. Bennett.
Morgan—
Lower Nile—John T. Sullivan.
Upper Nile—Fred Yeager.
Porter, Sciotoville—J. G. Basham.
Porter, Wheelersburg—M. I. Stout.

Valley—Leonard McCauley.
Vernon—Edward Davis.
Washington—Wm. Barbee.
Portsmouth, First ward—Geo. Wymer.
Second ward—Phelps Leete.
Third ward—Wm. Brent.
Fourth ward—Will Layher.
Fifth ward, A—Jas. W. Newman.
Fifth ward, B—David Stahler.
Sixth ward, A—Jackson Cropper.
Sixth ward, B—Geo. Hummel.
Seventh ward—J. B. Maddock.

There was considerable discussion
about the manner in which the county
central committee should be selected.
Hon. Jas. W. Newman wanted a com-
mittee of five appointed to select the
committee. J. L. Patterson thought
the delegation from each township
should name their representative, and
O. M. Coburn's motion to that effect
carried. After considerable discussion
the selection of an executive com-
mittee was postponed. The central com-
mittee and candidates will confer be-
fore appointing this committee.
The roll of townships was called and

the following central committeemen
were named:

Bloom—
Brush Creek—George Walsh.
Clay—O. M. Coburn.
Green—Chas. Schneider.
Harrison—J. H. Wyatt.
Jefferson—Chas. Kinney.
Madison—Wm. S. Kent.
Morgan—
Lower Nile—Jas. Pitts.
Upper Nile—Jas. E. Shaw.
Porter, Sciotoville—Chas. Cole.
Porter, Wheelersburg—F. E. Cranston.
Rarden—J. J. Foythe.
Rush—Jas. C. Vandervort.
Union—Homer Cole.
Valley—Josiah Morgan.
Vernon—T. S. Collett.
Washington—Harry Larkins.
Portsmouth, First ward—M. Stanton.
Second ward—Henry Lodwick.
Third ward—J. L. Patterson.
Fourth ward—Melvin Funk.
Fifth ward, A—Frank Switalski.
Fifth ward, B—D. L. Williams.
Sixth ward, A—Frank Varner.
Sixth ward, B—Wm. Hummel.
Seventh ward—Thos. Haley.

The various committees were in-
structed to meet immediately after ad-
journment, and the convention then
adjourned until one o'clock.

AFTERNOON SESSION.

The convention was slow in reassem-
bling after the noon recess and it was
a quarter after one before Temporary
Chairman Cadot rapped for order and
asked the delegates to be seated.

As many of the committees were not
ready to report, it was decided to hear
the report of the committee on resolu-
tions. Their report was read by the
chairman, Hon. Jas. W. Newman in an
impressive manner. It was greeted
with loud applause, Mr. Newman
being continually interrupted. The
resolutions follow:

The committee on resolutions beg
leave to submit the following report:

The Democracy of Scioto county, in
convention assembled, reaffirm their
faith in the cardinal doctrines of the
party and in the paramount issue of
the campaign of 1896, and express a
renewal of their faith in the patriotism
and statesmanship of that matchless
leader, William J. Bryan.

We arraign the Republican leaders
for a violation of their pledged faith
and their abuse of public confidence in
the recent Presidential campaign.
Every promise they made to secure
the support of the people has been un-
fulfilled. They asked for "confidence,"
only to betray it. Their promises to
the producing classes were also made
only to deceive and capture votes.
Labor has not been given employment;
wages have not been advanced; the
mills have not been opened. But, on
the contrary, reduced wages and idleness
and strikes have brought discon-
tent and want to toilers in fields and
mines and factories, and today the pro-
ducing classes, suffering from a market
of continued falling prices, are passing
through the most distressful period in
all our history.

We arraign the Republican leaders
who, as the assumed advocates of
"honest money," are perpetrating and
enforcing the British policy of a single
gold standard, for thus delaying a re-
vival of business and the restoration
of public confidence. The avowed pur-
pose and policy of the McKinley adminis-
tration have blighted the hopes of the
people by its manifest sympathy with
and favoritism to, money syndicates
and sugar trusts and kindred monop-
olies.

Events since the last November elec-
tion have strengthened our faith in the
declaration of principles set forth at
Chicago in 1896. Therefore be it

Resolved: That we reaffirm and re-
peat that "We are unalterably opposed
to the single gold standard and demand
the immediate restoration of the free
and unlimited coinage of gold and sil-
ver at the present legal ratio of 16 to
1, without waiting for the aid or con-
sent of any nation on earth," and the
delegates to the state convention are
hereby pledged to carry out these views.

Resolved: That the same spirit of
extravagance that is manifested in the
federal administration characterizes
our local government—in city and
county—and it has recently become
merely a contest as to which "gang"
shall rule. Large sums of money are
sent into this county to buy up Repub-
lican primaries—to corrupt electors
and to force obnoxious candidates upon
the party and upon the people. We
protest against these corrupt methods
and call upon the good men of all
parties to order their protest at the
polls. We pledge the candidates this
day nominated to the strictest economy
in the management of public affairs
and to the protection of the interests of
all tax-payers, that their burdens may
be lightened.

Resolved: That we favor the reduc-
tion of the salaries of county offices—
made excessive in the time of high
prices—and that such salaries be made
to conform more nearly to the wages
of labor and to prices that now prevail.

There were a dozen men on their
feet calling for the unanimous adoption
of the resolutions, and they were
adopted with a whirl.
Mr. H. F. Thompson, of the commit-
tee on credentials, reported no contests
and all delegations full, excepting
Bloom and Morgan. Mr. W. F. Dever
was allowed to represent Morgan, as he
was the only delegate present. The re-
port was adopted.

Mr. J. G. Hazelbaker, of Brush
Creek township, stated that delegation
had to leave at two o'clock, but desired
to leave their proxy with Hon. Jas. W.
Newman. Col. Wm. Brent moved that
their action be approved and this was
done. The delegations instructed Mr.
Newman how to cast their vote.

The report of the committee on per-
manent organization and rules and
order of business was called for. Mr.
Gilson said the committee recom-
mended that the temporary organiza-
tion be made permanent and that the
convention proceed according to the
call, beginning with representative.
The report was accepted and approved
on motion of O. M. Coburn.

Chairman Cadot again thanked the

convention for the expression of their
approval of his actions at the morning
session. He said when he came to the
chair this morning he was about half
sick, but he got enthused over Demo-
cratic doctrines and recovered com-
pletely. In his enthusiasm over ancient
Democracy he forgot present day issues
and that matchless leader, Hon. Wm.
J. Bryan. He cast his first ballot for
President for Gen. George B. McClel-
lan and his last for Hon. William Jen-
nings Bryan. He was prouder of the
last vote than of any other ballot he
had cast. These expressions from the
chairman were received with loud and
prolonged cheering.

The committee as delegates to the
state convention reported the names of
Jas. W. Newman, M. Stanton, W. H.
H. Cadot, H. F. Thompson, David
Stahler, J. S. Thomas and W. A. Con-
nolley for delegates.

The alternates were F. F. Varner, J.
H. Wyatt, Wm. Brent, J. G. Hazel-
baker, Hamer Cole, John E. Sullivan
and M. I. Stout. O. M. Coburn moved
the report be adopted and this pre-
vailed.

Chairman Cadot then called for
nominations for representative, and
Hon. Jas. W. Newman arose. He
made one of his old-time speeches in
placing the name of W. A. Connolley
before the convention. He emphasized
the fact that the office was one of great
importance to the people and that none
but men of the highest character should
be nominated. Men should be selected
whose integrity was too stout to be cor-
rupted and who were too intelligent to
be deceived. Mr. Newman paid a
passing allusion to the corruption
which has prevailed at Columbus dur-
ing the past few legislatures. He said
further that men of good judgment
and wise heads and with long expe-
rience in business were the ones who
ought to represent the county in Co-
lumbus. It was with the greatest
pleasure that he could submit to the
convention the name of a man who
was in every way qualified to fill the
place. Therefore he named Wm. A.
Connolley. The announcement was
greeted with great applause. Contin-
uing, Mr. Newman said Mr. Connolley
had always been a Democrat and his
father before him was a Democrat.
He thought it could be proved to the
satisfaction of the Republicans that he
was a much better Democrat than the
one who was running on their ticket.
If elected he would not be tied to any
trust or syndicate, but could be de-
pendent on to stand by the people and
the principles of the party. He would
reflect honor on the people, the county
and his party.

Col. Wm. Brent moved the rules be
suspended and Mr. Connolley be nomi-
nated by acclamation. This carried
with a hurrah. There were loud cries
for Mr. Connolley, and he came
forward and was introduced amid
cheers. He said he accepted the nomi-
nation so freely and enthusiastically
given him and thanked the convention.
If elected he would use his utmost en-
deavor to fulfill the expectations of the
people of Scioto county. He was aware
that hard work would devolve upon
him in the campaign, but he was en-
couraged by the presence of so many
citizens at the convention, and he was
persuaded they would use a freeman's
influence in a manly and intelligent
manner.

COMMISSIONER.

For county commissioner the names
of J. C. Shively, Wm. A. Barbee,
Chas. Yeager and J. H. Harris were
presented. Barbee was named by Col.
Brent, Yeager by Jackson Cropper and
Harris by J. S. Thomas.

Two ballots were necessary to settle
the question. The first ballot was as
follows: Shively 42, Barbee 60,
Yeager 19 and Harris 19.
Mr. Barbee was nominated on the
second ballot, receiving 82 votes to 31
for Shively, 8 for Yeager and 17 for
Harris. He was called forward and
made a short speech, accepting the
place.

TREASURER.

For treasurer, George Kidd presented
the name of J. B. Violet, the well
known West Side farmer. He was
nominated for the place by acclama-
tion. Mr. Violet made a rattling
speech of acceptance. An apt allusion
to Wm. J. Bryan brought down the
house. If elected he would be true to
his trust to the last.

RECORDER.

Frank Mooney, of Wheelersburg, was
nominated by acclamation for recorder.
J. B. Violet placed him in nomination.

INCOME TAX IS NOT REPEALED.

Mr. Morgan Makes a Discovery In Connection With the Discussion of the New Tariff Bill—The Wool Men Revise Their Schedule, Making an Increase. Decrease In Our Trade With Cuba.

Washington, June 19.—The tariff bill came to a halt in the senate, less than one page of the flax schedule being disposed of.

The debate drifted into political channels, Senators Vest, Jones (Ark.) and Tillman taking part in an exposition of Democratic doctrine on the tariff. It led to several lively exchanges, during which the cleaning of political "dirty linen" was frequently referred to.

Mr. Tillman's remarks were made with his characteristic vehemence, and at one point he frankly stated concerning the tariff that if there was to be stealing he wanted his share for South Carolina. Late in the day Mr. Morgan proposed a sweeping amendment to place a 10 per cent ad valorem duty on all articles now on the free list, with a few stated exceptions.

In supporting the amendment Mr. Morgan called attention to the singular fact that the income tax feature of the Wilson bill is not repealed and can be enforced by a change in the personnel of the supreme court of the United States.

WEXLER'S WAR

Has Reduced Trade Between the United States and Cuba.

Washington, June 19.—A report on our trade with Cuba from 1887 to 1897 has been promulgated by Secretary of Agriculture Wilson. During the last fiscal year, 1896, the total value of our Cuban trade amounted to only \$47,648,610 as compared with \$102,864,204 in 1893. This was a falling off of more than 50 per cent in three years.

Returns already available for the current fiscal year indicate a still further decline, the records for the nine months ending March 31, 1897, placing the total value of the trade for that period as low as \$14,926,817. At this rate the figures for the fiscal year, 1897, will hardly reach \$20,000,000, or less than one-fifth of the value recorded for 1893.

During the 10 years, 1887-1896, the value of the merchandise imported averaged \$59,158,055 per annum and that of the merchandise exported only \$14,017,572 per annum. In 1896 the imports fell to \$10,017,730; exports to \$7,580,000.

The remarkable decline in our trade with Cuba from July 1, 1896, to March 31, 1897, occurred chiefly in the case of the imports, the total value of the merchandise imported during the nine months amounting to only \$8,841,931, or little more than the value of the exports for the same period, the latter being returned at \$6,084,936.

RATES AGREED UPON.

Increased Duty on Wool Is to Be Strongly Urged in Senate.

Washington, June 19.—The advocates in the senate of an increase duty on wool held a meeting and decided on the following as the rates which they will ask the committee to fix on wool:

First class, in grease, unskirted, 10 cents per pound; in grease, skirted, 12 cents per pound; if washed, double these rates, if scoured, treble.

Second class, in grease, unskirted, 11 cents per pound; in grease, skirted, 13 cents; if washed, double; if scoured, treble.

Third class, worth not exceeding 6 cents per pound, 3 cents duty; worth over 6 cents and not exceeding 10, 5 cents per pound; worth over 10 cents per pound, 8 cents duty; if scoured, treble.

These rates are much higher than those originally fixed by the senate committee, and the wool men regard them as more advantageous than those of the house bill or than the McKinley law.

There were present at the meeting a dozen or 15 senators representing all the states in which wool is an industry of especial importance.

The near approach of the wool schedule in the senate's consideration of the tariff bill has caused the subject of the wool duties to receive unusual attention.

WRITTEN REPORT.

Mr. Calhoun Will Write a History of Spanish Cruelty.

Washington, June 19.—Mr. Calhoun has been in frequent consultation with the president and Assistant Secretary Day in an endeavor to discharge himself of so much of his mission as will enable him to return to Illinois to attend to some pressing law business.

He will return to Washington, however, next Wednesday to resume his labors. The special commissioner already has reduced to the shape of a written report some of the results of his observations, but his work is far from complete.

It is probable that the findings of Mr. Calhoun in the end will be entrusted to Mr. Woodford to take with him to Madrid and support such representations as he may be charged to make to the Spanish government.

It is also likely that upon Mr. Calhoun's return to Washington next week a full conference will be held between him and Mr. Woodford, who is expected to come over from New York for the purpose.

After the Sugar Trust.

Washington, June 19.—Senator Knute Nelson of Minnesota has prepared an anti-trust amendment which he will offer to the tariff bill. It pro-

vides that any person, firm or corporation unduly enhancing the price of sugar shall be fined or imprisoned, or both.

Internal Revenue Receipts.

Washington, June 19.—The monthly statement of the collections of internal revenue shows that the total receipts during May were \$10,816,892, a net decrease as compared with May, 1896, of \$647,598. The collections from spirits amounted to \$5,108,403; decrease, \$517,182. Tobacco, \$2,735,302; increase, \$235,197.

Bills For Banks.

Washington, June 19.—Senator Teller introduced a bill providing that all bank notes shall be redeemed in coin and another that all national banking associations shall keep their reserve in their own vaults.

Auditor of Navy Department.

Washington, June 19.—The senate confirmed the nomination of Frank H. Morris of Ohio to be auditor of the navy department.

Monument to William I.

Cologne, June 19.—The Emperor and Empress of Germany arrived here from Bielefeld and met with an enthusiastic reception. The ceremony of unveiling the statue of Emperor William I was attended by many dignitaries. The burgomaster of Cologne made an address, thanking their majesties for their presence at the ceremony, and at a sign from his majesty the curtain was withdrawn from the monument.

Accident During Circus Parade.

Black River Falls, Wis., June 19.—During the street parade by the Lemon Brothers' circus a balcony over a sidewalk occupied by about 20 people gave way. Several children who occupied the sidewalk were also badly hurt. Genie Erickson and Carrie Hanson were among those most seriously hurt, the latter being probably fatally injured. Several Indians received dangerous injuries by falling timbers.

Stands by His Speech.

London, June 19.—Mr. Wilfred Laurier, the premier of Canada, referring to the comments recently made by members of the Canadian parliament, said: "I stand by my speeches, but I do not wish to be judged by interviews. I have been interviewed by several papers and have not read the interviews. I have said a hundred times in Canada that protection in any country was a mistake."

Woodenware Company Quits.

St. Louis, June 19.—The Udel Wood-ware company, whose stock for the third time in as many years was burned last week, filed a general assignment, turning all the assets of the company over to A. Welborn Moise as trustee for the creditors. Assignee Moise states that the liabilities are \$80,000, and the assets \$33,000.

Will Star Separately.

Chicago, June 19.—The statement that Julia Marlowe and her husband, Robert Tabor, will star separately next season is true. Mrs. Marlowe has gone to Europe to secure some new plays and will appear under the management of Mr. Froman next season. This in no wise affects the domestic relation of Mr. and Mrs. Tabor. Mr. Tabor will stage her plays.

The Winnipeg Crew.

London, June 19.—The Winnipeg boat crew who have just arrived at Henley in order to compete at the regatta which begins on July 14, are in good form. They have recovered from the effects of the voyage from Canada and are established in comfortable quarters.

GET FLESH.

Get Strength, Vigor, Clear Complexion and Good Digestion, Not Patent Medicine But Nature's Own Way.

In a recent lecture Dr. Hartman stated: "It is a popular impression that catarrh is a disease confined to the mucous membrane lining the nose, throat and bronchial tubes and other of the respiratory organs. Of late years catarrh of the stomach, and even of the bowels, is sometimes mentioned. The real fact is, however, that all mucous membranes, wherever located, are subject to catarrh."

"The pelvic organs have for their linings a delicate mucous membrane which is exposed to many vicissitudes calculated to cause catarrhal inflammation of these organs. No organs of the body are more frequently affected by catarrh than these organs, which is sometimes so severe as to excite suffering and alarm, and again so slight as to scarcely attract any notice. It is catarrh of these organs that is the cause of that distressing multitude of ills known as female diseases."

Mrs. Benolt, 131 Pleasant street, Cincinnati, Ohio, writes: "I employed three physicians, but they did not help me at all. I was so miserable I wished I was dead. At last I saw Pe-ru-na advertised, and after I'd taken four bottles I was well. I am stout and well and feel years younger. I can not thank you enough."

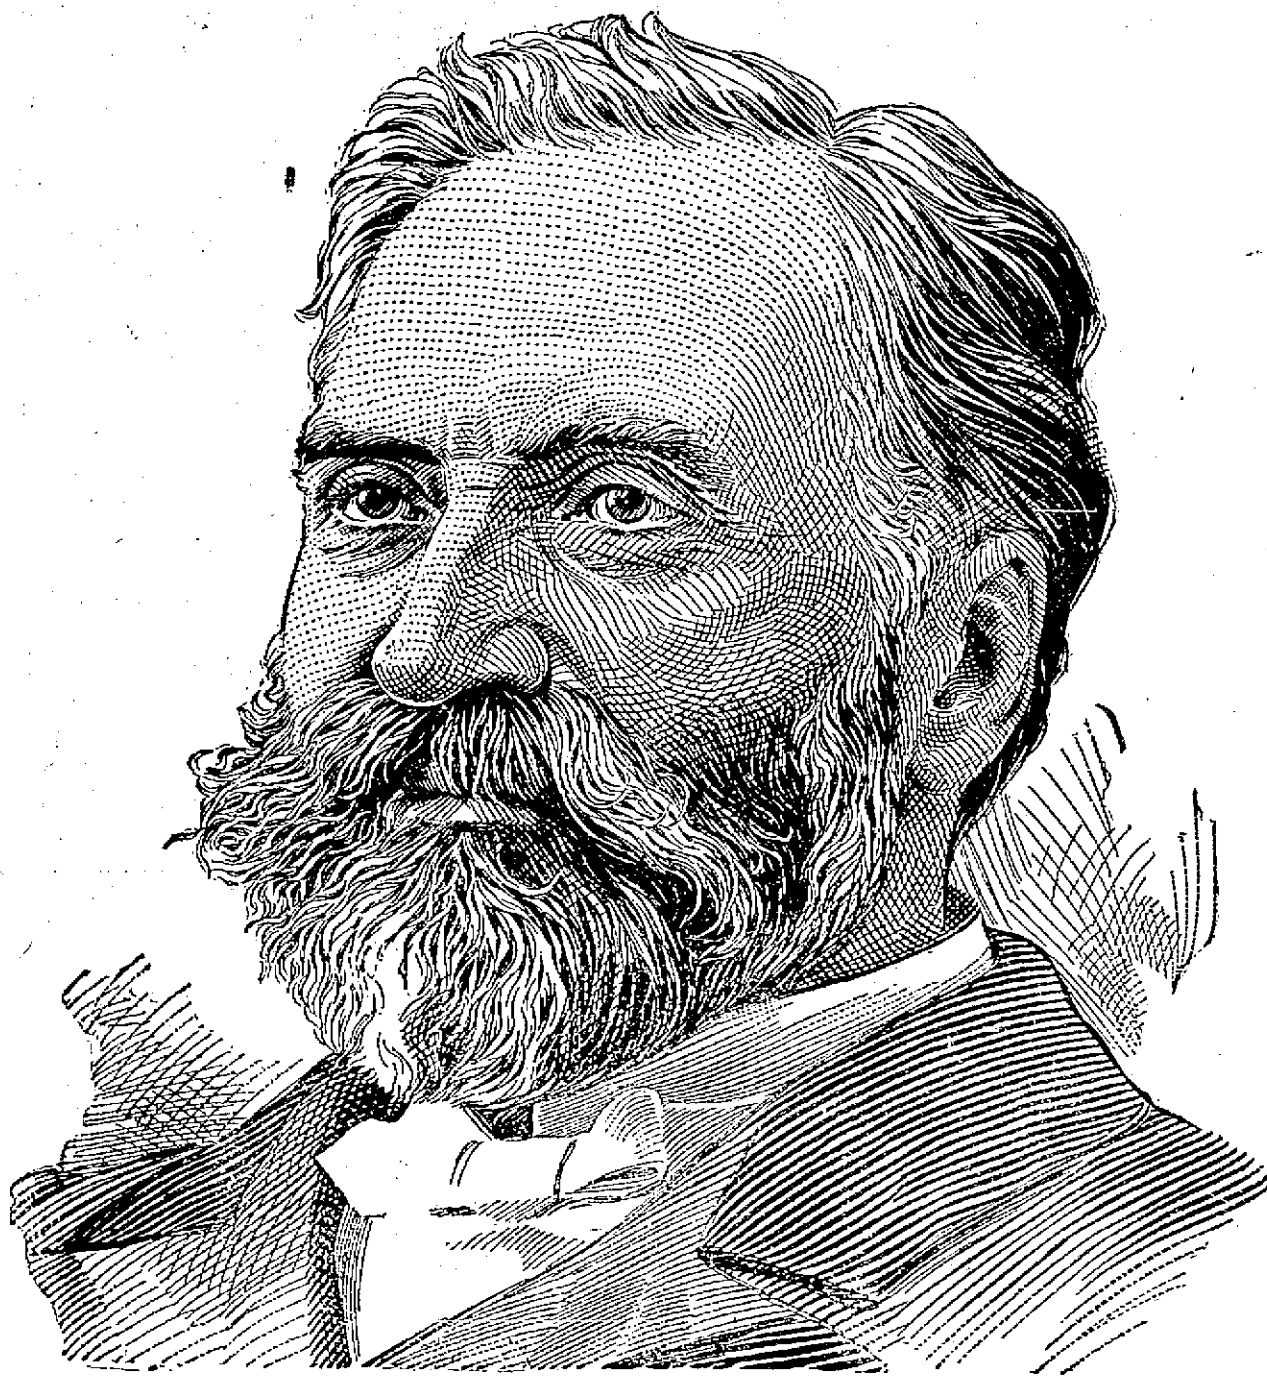

The Pe-ru-na Drug Manufacturing company of Columbus, Ohio, are publishing Dr. Hartman's latest book, written expressly for women. This book will be sent free for a short time.

Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed, when the languid exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison. Headache, Indigestion, Constipation, Dizziness yield to Electric Bitters. 50c. and \$1.00 per bottle at Fisher & Streich's drug store.

PRESIDENT MCKINLEY'S PASTOR.

The Eminent Washington Preacher Advises Paines Celery Compound.

President McKinley is a church-going man.

He is a regular attendant at the Metropolitan Methodist church in Washington, of which the Rev. Hugh Johnston, D. D., is the pastor.

Dr. Johnston is but one of many able clergymen who have publicly advised the use of Paine's celery compound, basing their recommendations on the benefit they themselves have derived from its use.

Not only among clergymen, lawyers and physicians, but among all classes of thoughtful, intelligent people Paine's celery compound is the one reliable remedy for building up the system when it is run down. It is the greatest nerve and brain invigorator the world has ever known.

Dr. Johnston says of this great remedy:

Wells, Richardson & Co.:

Gentlemen:—Having used your Paine's celery compound as a tonic, I can cheerfully bear testimony to its value in restoring wasted energy and inducing sleep when one is restless and fatigued.

HUGH JOHNSTON.

Strong recommendations have been received from

Rev. Henry A. Perry, LL. D., of

Chicago.

Rev. William T. Bailey, of Baltimore.

Rev. Charles L. Thompson, D. D., of New York.

Rev. Zephaniah Meek, D. D., of Kentucky.

Rev. Erastus Rowley, of Kentucky.

Rev. A. K. Sanford, of New York.

Rev. H. L. Oranienard, of New York.

Rev. R. D. Winn, of New York.

Chronic rheumatism, kidney affections and nervous exhaustion do not come like a thunder-clap without warning. All these blood and nerve disorders cast their shadows before them in the shape of intermittent aches and pains and days of melancholy and depression. People who allow these disorders to become chronic have themselves to blame when so many trustworthy people confidently assert and insist that Paine's celery compound will permanently drive all these diseases out of the system.

Paine's celery compound sweeps the blood clear from impurities and dangerous humors. No other remedy answers the purpose with anything like the thoroughness or sureness of promptness of this remarkable remedy.

Be ashamed of poor health.

Every case of neuralgia, rheumatism and dyspepsia is a case of neglect. It is a shame to waste one's life half-sick and depressed by ailments that might be quickly driven out of the system if one would only rouse one's self and build up the general health of the body by Paine's celery compound.

Paine's celery compound, taken now, will do more permanent good to tired, nervous, listless men and women who feel the dragging-down effect on the nerves of over-work or debility than months of absolute rest later on. It positively and permanently cures nervous debility and exhaustion, neuralgia, sleeplessness, melancholy, hysteria, headaches, dyspepsia, rheumatism, kidney troubles, constipation and diseases of the blood, kidneys and liver, because it purifies the blood and feeds the exhausted nerves and tissues.

Paine's celery compound is guaranteed by hundreds of men and women whom you know either personally or sufficiently well by reputation to leave no doubt in your mind of their sincerity and good judgment. It has cured innumerable cases of salt rheum, eczema, and other skin diseases, rheumatism and neuralgia, and prevented as many more from nervous prostration who were on the quick road to break-down at the time of using this great invigorator.

RUIN AT A STATE INSTITUTION.

A Terrible Storm Passes Over the Farm of the Illinois Institution For Feeble Minded Youth and the Seven Hundred Inmates Are Nearly Panic-Stricken. Four Are Killed Outright.

Lincoln, Ill., June 19.—A tornado which passed over the central and southern portions of Logan county destroyed thousands of dollars' worth of property and completely demolished the immense cow barn on the farm of the state institution for the feeble minded.

Twenty-six persons seeking refuge from the storm were buried in the debris. Four of the refugees, boy pupils from Chicago, were taken out dead. Five others were severely injured, one of whom, Jacob Wilmot, the farm superintendent, will probably die.

At 3:45 p. m. a tornado was seen approaching the city from the southeast. The institution, containing over 700 inmates, seemed to be directly in the path of the storm and stringent measures were quickly taken to prevent a panic. The roofs of several of the buildings were carried away and much damage was done about the grounds, but the 700 inmates were under perfect control of the attendants and the threatened panic and great loss of life was averted.

The tornado passed on the northeast, touching next on the farm and stock barns connected with the asylum, three miles distant. In the cow barn were huddled 26 persons, including the superintendent of the farm, Jacob Wilmot, 24 pupils and an attendant. The barn was wrenched from its foundations and torn to pieces.

Cyclone In Iowa.

Ottumwa, Ia., June 19.—A small cyclone passed over Rosehill, a village in Keokuk county, touching the ground in several places just outside the town. The damage done was confined to the trees and outbuildings. Another cyclone of somewhat greater violence passed six miles east of Oskaloosa. Its path was over two miles in length and about 50 yards in width.

Buried In the Debris.

Muncie, Ind., June 19.—The west wing of the Paragon mill at Eaton was blown in during the storm. Four people are reported buried in the debris. The loss on property is \$25,000. The roof on the Eaton window glass works was lifted off and much damage on other property was done. In Muncie the storm damage will amount to several thousand dollars.

Streetscars Disabled.

Sedalia, Mo., June 19.—The town was visited by a fierce electrical and wind storm. The power house of the Sedalia Electric Railway and Power company was struck by lightning and all of the dynamos ruined, leaving the city without street lights and stopping the cars.

Storm In Indiana.

Indianapolis, June 19.—A severe storm passed over Indiana at noon. Dispatches from Muncie and other points report damage to factories and houses aggregating \$30,000 or \$40,000, but no loss of life. The principal damage was at Eaton and Albany, Ind.

Cyclone In the East.

DUN'S REVIEW

Gives a Slightly Encouraging Report of Trade Conditions.

New York, June 19.—R. G. Dun & Company's weekly review of trade says: The retarding influence of cold and unseasonable weather has passed. The gain in business has become clearer to all. There is evidence of gradually enlarging business in every important department. More establishments have been set at work and more hands employed and while prudence still hinders speculative excesses the progress toward better things is unchecked. Reports from the various cities this week show a very general progress and a continuing large distribution through retail trade.

The demand for print cloths for the first time in many months has exceeded the week's production, and the price has risen a shade, while prints and other grades of cotton goods are in slightly better demand.

There is more widely distributed business in woollens than was expected. Clothiers are buying, and as they come late, are in haste.

Failures for the week have been 198 in the United States, against 276 last year, and 36 in Canada against 28 last year.

Cooper Wins at Last.

Utica, N. Y., June 19.—In the state circuit race here Cooper beat Bald in the final of the half mile open. Jenny led to the stretch, when Cooper ran by him with Bald hanging close. Newhouse followed in the wake of the two who fought desperately down the stretch. As they crossed the tape, Cooper's forward hub was just clear of Bald's wheel. Bald asked to have Cooper disqualified for getting in his way, but the race was plainly fair.

Too Many Steamers.

Poughkeepsie, N. Y., June 19.—Coach Courtney was very angry when he came in from his session with the Cornell crews. He had taken the 'varsity and freshmen out with the intention of taking advantage of the splendid conditions that prevailed to give them a trial of two miles, but was deprived of the opportunity by the swells from passing steamers.

Stricken From the Docket.

New Haven, June 19.—The suit of James B. Colt of New York against his sister-in-law, Mrs. Elizabeth Colt, the widow of the late Colonel Samuel Colt, for an accounting in the estate of Colonel Colt, and to recover an alleged claim of \$100,000 was stricken from the docket of the United States court here by order of Presiding Judge Townsend.

Turned on the Gas.

Chicago, June 19.—W. L. Church, expatriation, was found dead in his room at 1535 Randolph street. Death had been caused by asphyxiation from gas which was flowing from an open jet. Despondency over illness is believed to have been the motive.

AN INTERMITTENT HEART.

STOPPED EVERY THIRD BEAT.

But Mrs. Strope's Heart Now no Longer Lags but Throbs Regularly.

From the Leader, Cleveland, Ohio.

In a large, commodious house at No. 104 Huntington Street, Cleveland, Ohio, lives Mrs. Emily A. Strope, widow of the late X. M. Strope, and she is the mother of a young man who has been, and is now one of this city's successful and energetic pharmacists. Mrs. Strope, who has lately recovered from serious cardiac difficulty, when questioned by a reporter regarding her late illness, stated as follows:

"Two years ago, I had my first experience with Dr. Williams' Pink Pills. For a long time I was troubled with an ailment which I feared would eventually drive me crazy unless I rid myself of it. It would sound strange, no doubt, to some, but my heart did not beat as it should. Its action was irregular. There would be two pulsations, or perhaps three, and then a sudden cessation. My heart seemed to rest for the period of one or two beats, and then resume its action. Sometimes such lapses would not be so frequent as that, but scarcely a day passed that they did not occur. It felt as though something would strike the heart with great force, and push it out of place. During that period, whenever I lay down to sleep or rest, my hands would become perfectly numb and helpless. I could feel the temporary paralysis coming over them, but I could do nothing which would prevent it. My feet were affected in a like manner, and I had considerable difficulty in walking when such a spell had possession of me. Naturally that state of affairs completely upset my nerves, and any one whose nervous system is well known

shattered, can appreciate and understand the misery, chiefly mental, which I endured. I lost much sleep and rest, and often I was compelled from sheer exhaustion to sit down during the day to obtain some repose. But as soon as I did so I felt that numb sensation come over my hands and feet, and I rocked violently in my chair to drive it away, but frequently to no avail.

"One day my son, who was keeping a drug store at the time, brought me home some of Dr. Williams' Pink Pills for Pale People and advised me to take them for my heart trouble. I did so and soon began to feel better. I used the pills about two months and they certainly cured me, for now my heart beats regularly and all numbness has disappeared and my circulation is in splendid order."

We print the above hoping Mrs. Strope's experience may be beneficial to others who may suffer from derangement of the heart.

Dr. Williams' Pink Pills contain in a condensed form all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are also a specific for troubles peculiar to females, such as suppressions, irregularities and all forms of weakness. In men they effect a radical cure in all cases arising from mental worry, overwork or excesses of whatever nature. Pink Pills are sold in boxes (never in loose bulk) at 50c a box or six boxes for \$2.50, and may be had of all druggists, or direct by mail from Dr. Williams' Medicine Company, Schenectady, N. Y.

EXPERIMENTS

Often result in disappointment and this is especially the case in experiments with drugs and drug stores. It is our constant aim to prevent drug disappointments. We do all the experimenting. It is a part of our work to see that the drugs that go into your prescription are not only what your physician has named, but just what he expects in quality. Your prescription filled with our drugs will not be an experiment.

A SIMPLE TIRE REPAIR.

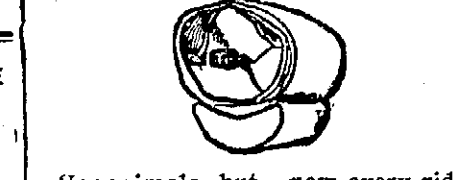

Punctures in the well known "gan & Wright" tire are mended as easily as a man would close a hole in his finger with a bit of putty. Inside of the inner tube of the tire lies a long strip of patching rubber, like this:

By injecting M. & W. quick-repair cement through the puncture into this inner tube, and then pressing down on the tire with the thumb, like this,

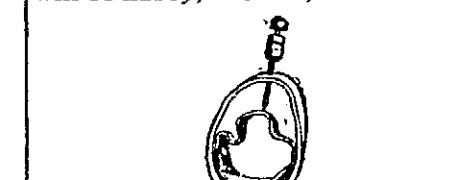

the repair strip inside is picked up by the cement, thus closing the puncture like this:

Very simple, but—now every rider should remember these two "buts," or as we will fail:

Before injecting cement, pump up the tire. If you don't, the inner tube will be flabby, like this,

and the cement will not get inside of it, where the repair strip lies. When you have a puncture, get right off. Riding a tire flat, when it has a tack or nail in it, may damage it considerably.

YOU DON'T

Believe all you hear do you? No! We have been fooled too often. "Promises, like pie crust, are easily broken," though not all pie crust is frail. Some that comes from the hands of a young bride in her first attempt in the pastry line is frequently of a tenacious nature. But that's another story—let's go back to business.
